Design
New technologies
Music (piano practice)
Travel

Profil

I am a fifth-year student in the Grande École program at HETIC in Paris, where I have specialized in software engineering while also gaining strong foundations in design and marketing.

My education at the French Lycée in Cairo exposed me to diverse cultures, equipping me with the ability to adapt quickly to different environments. I highly value teamwork and communication, and I bring dedication and consistency to all my projects, whether technical or creative.

Experiences

Wiz — Front-end developer November 2023 - November 2024 — Paris, France

Utilizing the entire React ecosystem, including Next.js and Remix, to retrieve and update data through various APIs, while implementing e-commerce solutions with Hydrogen Shopify. Additionally, I worked with Storyblok and Netlify functions to enhance the project's functionality, ensuring animations and customer expectations were met.

LG2 — Front-end developer Mai - Novembre 2023 — Montréal, Canada

Integration using Vue / Nuxt.js, taking into account the different animations and customer expectations.
Usage of Dato CMS, Netlify functions, hooks.

Ultranoir — Front-end developer May - October 2022 — Paris, France

Development using React and its frameworks (Next.js, Gatsby), implementation and use of API.

Use of Headless CMS (Drupal)

Dreamline Studio — Front-end developer July - October 2021 — Paris, France

Conception of Wordpress websites (custom theme), WordPress back-office management, scraping

Training

HETIC 2019 - 2024 — Montreuil, France

DIPLOMA of Expert in Engineering and Management of Digital Communication

French School of Cairo 2019 — Cairo, Egypt

DIPLOMA of the General Scientific Baccalaureate
